

B.L.U.E.

Boys learning, understanding, excelling

BLUE is a program specifically designed for middle school boys. This group will meet once a week during the designated times assigned by your school administration. BLUE is a faith-based, voluntary program that is specifically geared towards teaching middle school aged boys the importance of making good life decisions. Each topic is addressed at an age-appropriate level.

These topics include:

- The Values of Friendships
- The Dangers of Peer Pressure
- The Importance of Communication in Relationships
- Making Wise Choices
- Setting Boundaries In Life
- The Purpose of Choosing a Life of Purity

Our purpose is to provide positive support as teen boys make choices that will shape the rest of their lives.

BLUE is an abstinence-based program funded through the PLC Health Clinic of Van Wert. If you would like more information about this program or other services we provide, please contact the PLC at (419) 238-9177 or check our website at plchealthclinic.org

Please sign, have your parents sign, and return the bottom section.

B.L.U.E. Parent Permission Form
