June 2020

WE'RE OPEN AGAIN!

It was **nine long weeks** that we were temporarily closed at the PLC, but we were back in the clinic on May 18 with **new protocols** which include employee and patient screening questions, temperature checks, personal protective masks, physical distancing, and limited clinic capacity. At this time, because of new policies, material donations are being limited, so **please call ahead for specific instructions if you wish to donate items for our baby boutique**. Our first week back has been busy with several patients scheduling by phone or online, and a few one-on-one classes. Our PLC patients have been very understanding of our policies and **we are so grateful and glad to be available to serve the community again**.

WALK FOR LIFE 2020!

This year's **Walk for Life** will be held on **Sunday, September 20, 2020**. The theme is **"Anchored in Hope,"** which is inspired by **Hebrews 6:19**, which says, "We have this hope as an anchor for the soul, firm and secure." Seems pretty fitting for this crazy year we are having, doesn't it? **Our 2020 Walk is ON**, but bear with us as we navigate what it will look like this year. It may be possible to have everyone walk together by then, or perhaps we will be walking in small groups or even participating in a virtual walk! **But no matter what, we want our supporters to be able to band together with us in any way possible!** More information will be coming as our plan develops, so be sure to watch for updates on our social media sites and in our future newsletters!

GOD PROVIDES AND WE GIVE IT AWAY!

Back in the fall of 2019 we were noticing a sudden increase in diaper donations. Week after week the diapers came until **our storage area was overflowing** into the Teen Support office, box upon box. There were times we seriously wondered where we were going to store them all, as boxes were stacked all along our walls. Little did we know, **God was working to fill the storehouses for the time to come!** While local store shelves were emptying of the things babies need most, we were able to provide. As we temporarily closed our doors during the Shelter At Home order, we supplied our clients with two weeks-worth of baby products to get them through, not knowing how long the order was going to last. Later, we had **3 curbside pickup days** for diapers, wipes, and hygiene products. Because of **YOUR** generosity, we were able to service **13 (patient) babies and 26 (non-patient) babies**. The gratitude was evident in every person who received baby items. Thank you for helping us help others during a very uncertain time.
