

The Langdyn House of PLC Health Clinic Newsletter

March 2024

The Langdyn house is a home where pregnant moms find refuge and hope. Although these young women must have their primary needs met first, we must also prepare them for independent living with the necessary life skills to succeed on their own after exiting the program.

Life Skills

- Money Management
- Basic Housekeeping and Maintenance
- Technical Skills
- Effective Communication
- Survival and Safety
- Resume Building and Job Skills
- Self-Awareness
- Gardening and Lawn Maintenance

These are just a few of the many skills we are incorporating into the daily schedules for our young moms. We know our volunteers and supporters have skills they can invest into these women through the years they are with the Langdyn House. If you would like to make an impact, contact the PLCHC or email stephanie@plchealthclinic.org.

We would love to have you join us on this mission!

Stephanie Simerman
Housing Manager

One of the many life skills residents of the Langdyn House will receive is managing a home, and cooking is one of the main skills a young mom will need to care for her precious little one. We have created a Pampered Chef Fundraiser to help get the Langdyn house prepared with amazing tools for the kitchen!

Orders for the home can be purchased through the WISH list link and will be sent directly to the PLCHC. If you want amazing products for your own home use the Personal Order link and the product will come straight to your home. Both options will help supply the Langdyn House with free products to start training our young moms how to prepare healthy, delicious meals!

Wish List Orders:

Prayer Requests

- Construction and completion of the Langdyn House
- That God would send us the right volunteers
- For the future residents and their families
- For the right community partnerships
- Guidance & discernment
